Public Works Webpage Enhancements Provide Improved Information for Road and Bridge Projects

FREDERICK, MD – The Frederick County Office of Transportation Engineering announced today that enhancements have been made to the Division of Public Works website to make up-to-date road and bridge project information more readily available to the general public and news media.

From the county's main page, www.FrederickCountyMD.gov, Web visitors can access information regarding current road closures through the following link:
www.FrederickCountyMD.gov/RoadsClosed.

For additional information related to specific road and bridge projects, including those currently under development or under construction while maintaining traffic through the project site, the following link can be used: www.FrederickCountyMD.gov/RoadsBridges.

The webpages for various road and bridge projects contain contact information for the project team, project overview, current status/schedule, announcements and links to project related documents.

For additional information, contact Office of Transportation Engineering Chief Jason Stitt, P.E., at 301-600-3511 or via e-mail at jstitt@FrederickCountyMD.gov.
